

A SOCIAL STORY

GOING BACK TO SCHOOL

@therainbowclassroom

Some children have carried on going
into school because their families have
been keeping other people safe.

Some children have not carried on
going into school because their families
have been looking after them at home.

It is a LONG TIME since all the
teachers and children were together at

school.

This might make you feel sad...

I am bored
at home.

I am missing all the
people I see at school.

I feel safe
at school.

I want to carry on
learning.

I want to have a
routine again.

Whatever you are feeling is OKAY.

You might have lots of thoughts or
worries too...

I CAN'T WAIT to go
back to school.

I DON'T EVER WANT to
go back to school.

Whatever you are thinking is OKAY.

There is no right or wrong way
to think or feel.

It is GOOD to talk to someone about
how you are feeling and what you are
thinking.

It is NOT a good feeling when you
don't know what is happening.

It can make your head, heart
and tummy feel a bit strange.

People are making plans for you to go back to school...

Right now, we are not sure when this will be for everyone, BUT... ?

We will tell you before it happens so that you have a warning.

You won't just WAKE UP one morning and have to go back to school!

@therainbowclassroom

When it is SAFE, we
will all be together
at school again.

At first you might feel worried, excited
or a bit of both!

Everyone will be SMILING and
HAPPY to see you though!

@therainbowclassroom

Your school family will do

EVERYTHING THEY CAN

to make sure you feel happy and

safe at school.
