Support offered to schools:

- Staff LGBT+ awareness training session
- Staff advice and information via email/telephone
- Assembly/class presentation/visit
- LGBT+ Group visit
- LGBT+ Group support pack

Support offered to young people:

- Advice and information
- One to one session
- Youth and Philanthropy Initiative (YPI) – The Wood Foundation

Accessing support:

All support (for school staff or young people) is accessed via the completion of the Microsoft Form which can be found either on the QuEST website [QuEST – Four Pillars \(fourpillarsuk.org\)](http://www.fourpillarsuk.org) or directly from this link [QuEST Support Request](#)

To meet Data Protection regulations, when a young person requires support (one to one or information/advice), it is essential that they themselves complete the referral form and therefore are passing on their own data.

If a member of school staff is supporting them to make this referral, school staff should ensure that the young person is aware that they are sharing their personal data. Prior to submitting the form, Four Pillars do ask them to acknowledge this by ticking 'yes' to this on the last section of the form.

Any member of staff completing the form requesting support or training, should also be aware that they are sharing their personal data.
